Features/Pros

- 4mm AR coated toughened Glass for more clear concentrated beam
- Twist flashlight to change the mode into ON(High)-Medium-High
- Reverse Polarity Protection, protect the flashlight when install battery at wrong orientation
- Mechanical rotary switch, safe and easy to use underwater

A Bright Dive Light

Utilized 1*OSRAM led, Max 1200lm Output
With 869ft beam distance on land

Clear beam Dive Light

SMD reflector and AR coated 4mm tempered lens,
offer a clear concentrated beam at 7 degrees
Plus 6500K cool white temperature, have a
good penetration underwater

A Safe Dive Light

Aerospace 6061 aluminum alloy, Premium
Type III Hard-anodizing finish
Water pressure resistant construction,
Depth underwater 150m

Long runtime Dive light

Powered by 1*21700Li-ion with 5000mah,
provide 4H10mins runtime at Medium Mode

User-friendly Dive light

Mechanical rotary switch, easy operation for divers

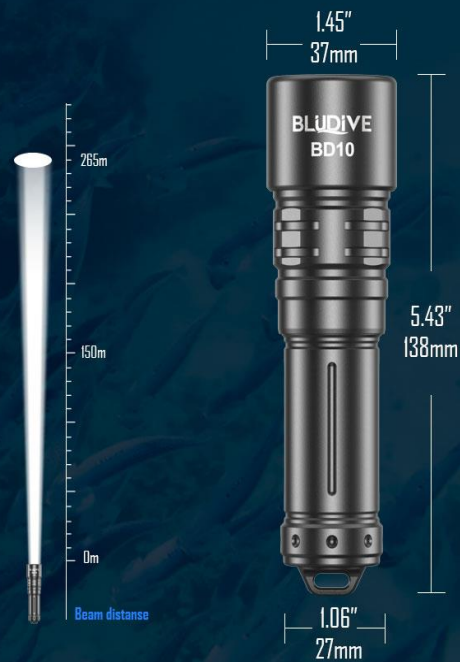

Multi-usage Dive Light

Having two brightness levels
Qualified as a primary light for recreational divers
or as a backup light for technical divers
